

iuvosystems

our experience - your advantage

Iuvo has achieved recognition for its expertise in helping over 1,000 government contractors increase the value in their business by providing accounting and managed services including: outsourced accounting, staff augmentation and system consulting. (Specializing in cost accounting standards, the federal acquisition regulation, material management & accounting systems) With a major focus on the government contractor market, project driven organizations, each Iuvo Team Member is well-versed on the financial & material management challenges government contractors face including DCAA (and Inspector General) audit compliance. Our team is committed to constantly seeking ways to help our clients improve their efficiency and effectiveness through exemplary support.

Iuvo implements our client's vision by providing critical services to ensure our clients get high utilization from dollars spent as well as a more efficient way to operate their business. We are driven daily by a set of core values:

CLIENT SATISFACTION

Our primary goal is to satisfy our clients. We meet client needs with a sense of urgency, the time necessary to fulfill and often exceed the need, and careful consideration. We treat our clients with respect and appreciation.

QUALITY

We pursue both individual and organizational excellence. This is demonstrated by a disciplined approach to following our processes and methodology as well as a personal commitment to delivering services that meet or exceed expectations.

FISCAL RESPONSIBILITY

We act with a sense of accountability and care in all aspects of our work and ensuring financial stability.
